

FAIR DEALS

The Daily Telegraph/House & Garden Fair 2003, at Olympia, June 26 to 29, offers stunning ideas for the home and garden, with over 450 leading lifestyle retailers bringing to life the pages of *House & Garden*. SARAH STEWART-SMITH takes an advance look at some of the treats on offer

Eight members of the British Interior Design Association (BIDA) will create a show apartment at the fair. The apartment will be divided into eight areas: an entrance hall, sitting, dining and entertaining spaces, a kitchen, two bedrooms and a bathroom. The emphasis is on modernity underpinned with good, classic design, with special attention paid to spatial planning, mixing old and new and embodying the concept of the home as sanctuary.
